Name of Project

Billing Address of Applicant

Street Address of Project

The meter and water consumption is for construction use only. Construction meters are temporary and permanent installation will require submission of a new application. Security deposits are required for possible damage to the fire hydrant and for payment of the bill. The deposits are refundable upon discontinuance of service, return and inspection of the meter and the fire hydrant by District Personnel. *Discontinuance of service must be requested in writing to our business office at 1812 State Hwy 361 Ste. F, Port Aransas, TX 78373.*

NOTE: The construction meter will be installed on the fire hydrant and removed from the fire hydrant by District Personnel only. The customer shall not operate the fire hydrant at any time.
