The meter and water consumption are for construction use only. Construction meters are temporary and permanent installation will require submission of a new service application. Security deposits are required for possible damage to the fire hydrant and for payment of the bill. The deposits are refundable upon discontinuance of service, return and inspection of the meter and the fire hydrant by District Personnel.

Discontinuance of service must be requested in writing to our business office or email, info@ncwcid4.org

Note: The construction meter will be installed on the fire hydrant and removed from the fire hydrant by District Personnel only. The customer shall not operate the fire hydrant at any time.

Locking cap provided by District; customer is responsible for lock
